

Rating	Viability	Shots	Verdict							
0	Pointless	20+	Can't penetrate in any reasonable amount of hits							
1	It's Possible, But...	13 to 20	Typically doesn't penetrate at all for a large number of hits, or starts with a very low chance and barely increases							
2	Magdump Only	9 to 13	Has a very low or no penetration chance intially and very slowly gains chance							
3	Slightly Effective	5 to 9	Has a low penetration chance intially and slowly gains chance, or quickly damages armor until it penetrates							
4	Effective	3 to 5	Starts with a low-medium penetration chance but quickly increases							
5	Very Effective	1 to 3	Penetrates a large percent of the time intially, often quickly going to >90%							
6	Basically Ignores	<1	Initially penetrates >80% of the time
